

Behavior and Mental Health Study

The CALM Program at UC Berkeley is conducting a study of thoughts, motivation, and self-control among people who have attempted suicide in the past year.

We are looking for people:

- ✧ between the ages of 18-55 years old
- ✧ able to come to UC Berkeley campus for up to four 1-3 hour visits
- ✧ who have attempted suicide in the past year

You can earn up to \$330 in return for your time.

Please contact us at:

calmprogram@gmail.com or **510-542-8969**

All information you provide will be kept confidential. You do not need to provide any sensitive personal information (e.g. mental health history) when contacting us. When contacting us, ask about the BAMH (Behavior and Mental Health) study.
